

DTV-IR120

DTV-IR50

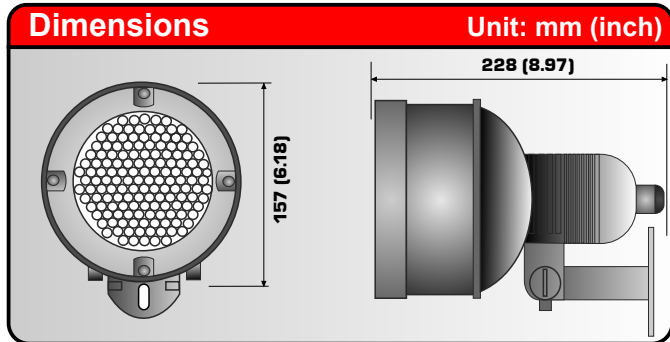

147 infrared LEDs providing a range of up to 120 metres (50 metres on DTV-IR120), fitted in an IP66 weather proof aluminium external housing. There is also a photocell to switch lamp off during day.

FEATURES:

- High efficiency cooling structure aluminium case IP66
- Dual power input: DC12V / AC24V
- 147 high power IR LEDs
- Switch on/off automatically by photocell
- Maximum Outdoor IR Range: 120M, 45° (50M 120°)

Dimensions

Unit: mm (inch)

	DTV-IR50	DTV-IR120
IP Rating	IP66(Outdoor)	
IR LED	147PCs	
Wave Length	850nm	
IR Projecting Angle	120°	45°
Emissive Power	5W	
Available IR Distance	50M (164.04ft)	120M (393.70ft)
Control	Automatic by Photo cell	
Power Supply	DC12V±10%/AC24V±10%	
Current Consumption	DC 12V / 1600mA, 18w AC 24V / 800mA, 18w	
Dimension	228mm (L)x157mm (Dia)	
Weight	2.7Kg	
Storage Temperature	30~+60°	
Operating Temperature	30~+40°
