

Impaq Shock Sensors

Intelligent Perimeter Protection

Exceptional performance combined with class-leading false alarm immunity ensures the Impaq Series of shock sensors are ideal for use in virtually any environment. Impaq shock sensors deliver additional security by enabling detection prior to intruder entry, providing an ideal solution for confirmed alarm systems.

Impaq Plus

- Tri-Colour LED Indication
- Digital Microprocessor Technology
- Latching & 'First To Alarm' Indication
- Selectable Flashing Comfort LED
- Gross Attack Indication
- Includes All Impaq E Features
- EN 50131-1 Grade 3

Impaq Plus with Magnetic Contact

- Additional Magnetic Contact for Double Protection
- Dual Reed Switch Design
- Separate Reed Switch & Shock Sensor Alarm Outputs
- Includes All Impaq Plus Features
- TS 50131-2-6 Grade 2

Impaq E

- Dual Sensitivity Range
- Easy Set-up Procedure
- Fully Adjustable Detection
- Ultra High False Alarm Immunity
- Selectable LED Indication
- Available in White or Brown
- EN 50131-1 Grade 3
